SUMMARY

Final year Fashion Communication student at National Institute of Fashion Technology, Bengaluru, focused on product design, UX design, and UI/UX design. Skilled in translating user needs into clear information architectures, intuitive interaction flows, responsive interfaces, prototypes, and cohesive visual systems. Seeking internship or entry level opportunities in Product Design, UX Design, or UI/UX Design.

EDUCATION

National Institute of Fashion Technology, Bengaluru | Fashion Communication | Final year

EXPERIENCE

Breez Mobility | Premium electric chauffeur service

- Redesigned the website and brochure to establish a cohesive premium visual system.
- Structured the booking flow to improve clarity across a responsive web experience.
- Strengthened B2B messaging and presentation through clear visual communication.

EATeat | Brand identity and marketing collateral

- Developed the EATeat brand identity and marketing collateral to support a consistent visual presence.

SELECTED PROJECTS

CANTEEN 2.0

- Designed a student canteen ordering app, mapping information architecture, menu navigation, ordering flows, and checkout.
- Prototyped an order pickup flow using an order number and OTP.

Breez Premium Mobility

- Redesigned a premium electric chauffeur service website and brochure, aligning the booking flow, responsive experience, B2B messaging, and visual system.

Foodmate / Smart Kitchen System

- Developed an AI-enabled Smart Kitchen System concept and translated it into UI/UX design.

EATeat

- Created brand identity and marketing collateral to communicate the EATeat brand consistently.
